

Sustainability Report 2025

TechBond Industries Environmental, Social & Governance (ESG) Performance

Reporting Period: January - September 2025 Report Date: October 2025

CEO Message

TechBond is committed to sustainable chemistry. Our products help customers build better, more sustainable products while we continuously reduce our own environmental footprint. This report highlights our progress toward our 2030 sustainability goals.

2025 Performance Highlights

Achievement	Result
Carbon emissions reduction	-12% vs. 2023
Renewable energy usage	45% of total
Recycled content in products	32% average
Zero landfill waste	Achieved (Dusseldorf)
Safety incidents (LTI)	0

Environmental Performance

Climate & Energy

Metric	2023	2025 YTD	2025 Target	2030 Goal
GHG Emissions (Scope 1 + 2)	12,500 tCO2e	11,000 tCO2e	11,250	-50%
Energy Consumption	32,000 MWh	28,500 MWh	30,000	-30%
Renewable Energy	35%	45%	40%	100%

Key Initiatives:

- Solar panel installation completed (15% energy offset)

- LED lighting upgrade (100% complete)
- Energy efficiency program ongoing

Water & Waste

Metric	2023	2025 YTD	Target
Water Consumption	185,000 m ³	168,000 m ³	175,000
Waste to Landfill	4.8%	4.2%	< 5%
Recycling Rate	78%	82%	80%
Hazardous Waste	450 tonnes	380 tonnes	420

Key Initiatives:

- Closed-loop water recycling pilot
- Packaging reduction program
- Solvent recovery system upgrade

Product Sustainability

Sustainable Products

Category	Description	% of Revenue
Bio-based Content	Products with > 25% bio-based	8%
Low VOC	< 50g/L VOC products	35%
Recyclable Packaging	Fully recyclable packaging	60%

Product Development Pipeline

- **Bio-based adhesives:** Launching 2026 (60%+ renewable content)
- **Waterborne adhesives:** Expanding portfolio
- **Concentrated formulas:** Reducing packaging and transport

Social Performance

Workforce

Metric	2025
--------	------

Total Employees	980
Gender Diversity (overall)	38% female
Gender Diversity (management)	33% female
Employee Turnover	8.5%
Training Hours per Employee	18 (YTD)

Health & Safety

Metric	2023	2025 YTD
Lost Time Injuries	2	0
Recordable Incidents	5	3
Safety Training Completion	92%	96%

Community Engagement

• STEM education partnerships: 3 schools • Charitable donations: €150K • Employee volunteer hours: 1,200	
--	--

Governance

ESG Governance Structure

• Sustainability Committee (meets monthly) • Board ESG oversight (quarterly review) • Executive sustainability targets (linked to compensation)	
---	--

Certifications

• ISO 14001:2015 (Environmental Management) • ISO 45001:2018 (Health & Safety) • EcoVadis Silver Rating	
---	--

2030 Goals

Goal	Target	Progress
------	--------	----------

Carbon Neutral Operations	2030	On Track
100% Renewable Energy	2030	45% achieved
Zero Waste to Landfill	2026	96% achieved
50% Sustainable Products	2030	35% achieved
Gender Parity in Management	2030	33% achieved
